AARAMBH

A NEW BEGINNING

College Vision

To be Internationally recognized engineering school in the country, committed to nurture student centric learning experience in creation, innovation and entrepreneurship to create responsible citizens in shaping the future of the world with multi talent.

To offer effective and affordable healthcare for the benefit of mankind.

Vision of Department

To develop the Engineering Knowledge, technical skill and provide analytical thoughts in computer science and medical Engineering. Encourage creativity, self-learning and innovation components or process that meet desired needs in engineering and medicine. Evaluate health problems for the human prosperity and society needs.

Mission of Department

M1: To emerge engineering principles for improve healthcare industry standards.

M2: To enrich the learning skills and implement technical ideas for professional development in lifelong process.

M3: To inculcate work ethics and commitment in students for their future aspire be services to the society.

College Mission

To provide an academic and research ambience to flourish new ideas, research interest, leadership, team spirit and ethics. To contribute in the service of society by participating in socio-economic and socio cultural activities.

DEAN'S Message

To my mind an educational institute is not just about bricks, mortar and concrete, but about building character, enriching minds and about enriching experiences that lasts a lifetime. Life is not a set of instructions but is a series of experiences and learning process. This is where "Faculty of Engineering And Technology (FEAT) " steps in - to make a difference and where learning is not just series of instructions but a passion, which goes beyond books, beyond instructions, beyond learning horizons.

The FEAT is also engaged in supporting the students to refine the necessary skills, attitudes and the aptitude towards the corporate placement process in the University by the way of periodical competitive tests and group interaction exercises. As a part of co-curricular and extracurricular activities we conduct national and intercollegiate level seminars and workshops; encourage students to participate in technical paper presentation contests, etc. right from first year.

HOD'S Message

Department of Computer science & Medical Engineering welcome you all at Faculty of Engineering & Technology. We have started our journey in 2021 with vision to be recognized as innovative/novel and progressive department. Our goal is to provide student with intellectual and practical knowledge which helps them to grow, develop and achieve in their professional carrier.

Department of computer science and medical engineering is one of the primary department in Faculty of Engineering & Technology. We have a strong undergraduate program with well qualified, dedicated engineers and physicians.

In our department students are nurtured to become best software professionals and medical engineers in the industry or become Entrepreneurs in their own innovative way. I am sure in times to come many students from our department will make indelible mark in the field of Information Technology and Medical Engineering and make us proud.

Editor-in-Chief

Ms. Sweta kahurke (Assist.professor)

Editing committee

1. Ms. Shaikh Kahkasha Faisal
2. Mr. Aman Dhole
3. Ms. Deoyani Dhanjode

Associate Editor
1. Mr. Palash Gourshettiwar (Assistant Professor)
2. Ms. Samruddhi kamble
3. Ms. Divyani mankar
4. Ms. Kajal raghatate

Advisory Committee
1. Dr. K.T.V Reddy(Dean)
2. Mr. Palash Gourshettiwar (HOD)

Faculty
1. Mr. Palash Gourshettiwar (Assistant Professor)
2. Ms. Sweta kahurke (Assist.professor)

Membership of Faculty and Students

1. Mr.Palash Gourshettiwar (Assistant Professor) IAENG membership
2. Ms.Sweta Kahurke(Assist.professor) IEEE , ISTE , INNS
3. Deoyani Dhanjode (Student) IEEE membership

World student's day

In honour of the late A P J Abdul Kalam - an #indian aerospace scientist and statesman who served as the 11th President of India (from 2002 to 2007) - October 15th is now celebrated annually as World Students Day. APJ Abdul Kalam was not only instrumental in the #development of India's missile and nuclear weapons programs, but he was also an accomplished author. However, more than anything, Kalam wanted to be remembered as a #teacher. And it is because of this that #students across the globe now #celebrate his birthday as a day to encourage #learning and personal growth.

World mental health day

Faculty of Engineering and technology was celebrated World mental health day on 10th October 2022 the theme for this event was Ensuring mental health & wellbeing for all becomes a global priority, speaker was Dr. pradeep patil HOD in psychiatry JNMC DMIHER. World Mental Health Day is marked annually on October 10 as a way to bring attention to the mental health of people all over the world and to encourage efforts that will support those dealing with mental health issues. The World Health Organization has been organizing a global campaign for World Mental Health Day every year since 2013. The World Federation for Mental Health announced the theme for World Mental Health Day 2022, which is 'Make mental health for all a global priority.

Sports & Cultural Events Participation

Shaikh kahkasha faisal participated as an anchoring, dancing and drama on Engineering day, participated for recitation of spiritual verses on orientation program.

Divyani mankar and Deoyani Dhanjode participated in dancing and drama on Engineers' day, In Drawing competition on National unity day.

Kajal raghatate participated in Drawing competition on National unity day.

FLYING COLOURS

Mr. Aman Dhole
Ms. Deoyani Dhanjode
Ms. Divyani Mankar

Industrial Visit

Faculty of engineering and technology has a industrial visit to MGIRI Mahatma Gandhi Institute for Rural Industrialization (MGIRI), earlier named as National Institute for Rural Industrilization (NIRI), is an autonomous institution located in Wardha, Maharashtra, India with the 2nd year students of b.tech from departments of AIDS,AIML,CSD & CSME with five faculties to whose purpose is to accelerate the process of rural industrialization by providing science and technology support. It is inspired by the Gandhian vision of sustainable and self reliant village economy.

Garba Night

On the occasion of Navratri we the students of faculty of engineering and technology celebrated garba night which was very memorable in the eyes of students as well as all the faculties. We all come in the Gujrati getup to play garba.
